

# Digital LCD Microscope

CD-450 Video Measuring Machine with microcomputer which drives the operation system Win CE5.0 and display system. It provides a clear high-contrast image, wide field, and long working distance.

It can be used for observation studies in medical and health, farming, and forestry, as well as public security departments, schools and scientific research institutes, Woven/ Non-woven Filter Wire and is also used for inspection, assembling and repair of tiny spare parts in electronics and precision machinery industries.

## Features:

- The Image can be easily viewed by many people on LCD monitor at the same time.
- Improving the working condition also can soften the tiredness caused by a long-time observation.
- Integrated structure, easy operation, small size and can save space.
- Magnification can be zoomed by non-stop.
- There is "+" for the purpose of positioning and measurement.

Technical Specification	LCD-450
LCD Screen	8" inch
Reduce Lens	0.5x
Zoom Objective	0.6X-4.5X
CCD Resolution	1/3" 580 line
Incident Light	12V/10W Halogen lamp
Transmitted Light	12V/10W Halogen lamp
